Dear Mr. Mitchell

Reference: Drawing Conversions

I would like to thank you for all your efforts in providing paper-to-cad conversion services for my projects.

The astute customer service and accuracy of the drawings you provided, which included several disciplinary layers was exemplary. I highly recommend your services and will continue to utilize your efficient and cost effective solution to recreating new cad files from old paper drawings.

I encourage all Project Managers to utilize this valuable service and improve their bottom line on the document recreation phase of work necessary to facilitate new designs on old drawings.

Sincerely,

STANTEC CONSULTING LTD.
